**Welcome to our community of faith that seeks to live
“The Joy of the Gospel”.**

Pope Francis brings a fresh perspective to parish life. He wants parishes to be “environments of living communion and participation, and completely mission oriented”. And so do we! We are a community of faith that seeks to be “a community of communities, a sanctuary where the thirsty come to drink in the midst of their journey, and a centre of constant missionary outreach”

The vision of a Parish that Pope Francis places before us has nothing to do with timidity , but everything to do with holiness.

We hope to echo his vision and support.

“ The Parish is the presence of the Church in a given territory, an environment for hearing God’s word, for growth in Christian life, for dialogue, proclamation, charitable outreach, worship and celebration.

In all its activities the parish encourages and trains its members to be evangelizers”.

We hope that we show how we are being evangelisers—telling the Good News.
